Mike- Attached is my initial response to a reporter from the LA Times requesting info on the Encana/Pavillion FOIA. Beyond these links, she would like to see Encana's original request letter, if possible, to see what the scope of Encana's request was. Depending on that, she might like to have access to the produced documents. Please advise.

Neela-

Here are the links to the Pavillion documents we have posted on the Internet. Am checking on getting the actual request, if possible, and where the document collection resides. Please let me know if you have further questions.
